CAREER OBJECTIVE

B.Tech graduate in Artificial Intelligence and Machine Learning with hands-on experience in AI development, Data Science, and Analytics. Skilled in Python, SQL, Machine Learning, data analysis, and application development, with strong problem-solving and learning ability.

EDUCATION

- **B.tech**
2022 - 2026 : Vidya Academy Of Science And Technology (KTU University)
Specialized in AI&ML | CGPA:8.21
- **HSC**
2020 - 2022 : XII(Bio-Maths),Carmel Central School, Valappad
86.4%
- **SSLC**
2019 - 2020 : Carmel Central School, Valappad
92.3%

SKILLS

- **Programming:** Python, SQL
- **AI/ML:** Machine Learning, Deep Learning, NLP, Generative AI, LLMs, Model Training & Evaluation
- **Data:** Pandas, NumPy, Data Preprocessing, EDA, Data Visualization
- **Web/API:** HTML, CSS, React.js, REST APIs, API Integration
- **Database:** MySQL, PostgreSQL
- **Tools:** Git, GitHub, Power BI, Jupyter, VS Code
- **Core:** OOP, Data Structures, DBMS, OS, Computer Networks, SDLC

PROJECTS

Ayurvedic Diagnosis and Recommendation System

- Built a machine learning web application for disease prediction and personalized Ayurvedic recommendations.
- Implemented data preprocessing, model integration, and an interactive user interface using Python & Streamlit.

AI-Powered Life OS

- Developed interactive dashboard components and integrated application modules with backend APIs.
- Worked with JavaScript-based frontend development, API integration, and data-driven UI components.

EXPERIENCE

AI Developer Intern | White Matrix Software Solutions

- Developed and integrated AI-powered application features using Python, APIs, and modern AI technologies.
- Worked on application development, debugging, testing, & frontend-backend integration in a collaborative development environment.

Data Science Intern | HexSoftwares

- Performed data preprocessing, exploratory data analysis, and machine learning model development.
- Applied data analysis and model evaluation techniques to drive meaningful insights from datasets.

CERTIFICATIONS

AI&ML using Python - **SWAYAM Plus**, Data Science - **IBM SkillsBuild** , AI & Robotics - **GEC Thrissur**

SOFT SKILLS

Problem Solving, Analytical Thinking, Communication, Quick Learning, Team Collaboration

LANGUAGES

English, Malayalam
